## Professional summary

Multidisciplinary Full Stack Web Developer with a passion for architectural design and polishing client application, and database manipulation and routing with node/express server. Adept at working independently as well as collaborating with teams across multiple functions to break down concepts in layman terms. Very adaptable to a fast paced environment with creative problem-solving skills. Multilingual with great communication skills and excellent work ethics. In the long run, my vision is exploring societal needs and developing new means for better serving user interfaces.

---

## Technical Skills

Front End: HTML/CSS, Handlebars, React, Bootstrap, JavaScript, jQuery, APIs fetch, axios and Ajax calls,

Version Control: git, gitlab, github and heroku

Back End: Node Express servers, Sequel database MySQL and Nosql MongoDB

Performance: Object Oriented design, Testing, Error Handling, local storage, Progressive Web Apps (PWAs), MERN, Computer Science, portfolios and algorithm

---

## Projects

### 1. Book-Market

URL: <https://marimartin.github.io/Book-Market/> | github: <https://github.com/marimartin/Book-Marke>

- Book-Market is a front end app that allows the users to search books by title and/or author. The response presents the users searched book information, ratings and a link for purchase.
- Collaborated a key role in group work in templating html, styling css and ajax response appending to the page.

### 2. Habitude

URL: <https://habitudeapp.herokuapp.com/> | github: <https://github.com/carolinetwyman/Habitude>

- Habitude is a full stack app that allows users to build a 21 day new habit. Users can track their goal and every day activities in a chart. Moreover, users can check the popularity of the app on the community page.
- Tools used: handlebars, css, javascript, jQuery, chartjs, node express server, mysql database and more npm packages.

### 3. Quiz Code

URL: <https://bbeyenene.github.io/Code-Quiz/> | github: <https://github.com/Bbeyenene/Code-Quiz>

- Quiz Code app is a javascript based application developed for taking timed quizzes with multiple-choice questions. Users can escape or save grade scores, and clear and retake the quiz.
- Tools used: html, css and vanilla and ES6 javascript and local storage.

---

## Education

- Boot Camp Certification, from North Western University (2020) with A+ grade
- Bachelor of Science (BSc) in Biology, from University of Asmara, Eritrea

---

## Work Experience

### **Haykota Senior Secondary School, Eritrea (09/2005-11/2011)**

- Taught Biology and Chemistry to senior secondary school students.
- I worked hard to increase students' knowledge; thus, they could unlock their potential.
- Helped building the next generation of Eritrean innovators by implementing an up-to-date interactive curriculum.
- Worked as a Pedagogical director in the Biology department for two years.

### **Han-Dee Hugo's gas station: Raleigh, North Carolina (02/2011-01/2014)**

- Worked in customer service where I provided fair, friendly and courteous service with a strong work ethic.
- Recognized by the manager as the most active employee to work in the busiest hours of the day.

### **Professional Driver (01/2014- 03/2020)**

- Worked as a professional Schaeffer providing customers safe and pleasant services.
- Worked as an Uber driver with five star ratings. Received a lot of great compliments from riders thanking me for the experience of a safe, on-time ride with friendly conversations.
- Having a CDL license, I worked with Swift trucking company as a commercial truck driver throughout the US interstates.

---

## Personal interest

- Reading books and visiting historical sites
- swimming, Hiking, camping, and watching movies active
